Your solution for transport between
Northern/Central Europe and Greece/Cyprus...

International Road Transport

- > Specialized in groupage and full truck traffic between Greece and Belgium, Holland and Luxembourg with daily frequency
- > Weekly traffics between Greece and Scandinavian countries, Germany, Italy, Hungary, Switzerland and Spain
- > Weekly groupage departures to Baltic countries
- > ADR Classes 3, 4, 5, 6.1, 8, 9 shipped with fully equipped vehicles and licensed drivers
- > Special Cargo at end to end service (organization, licensing, transport)
- > Transport for temperature controlled cargo to and from Greece
- > All trucks are GPS monitored and specially secured

Cross Docking Service

- > Modern facilities for easy transloading and breaking of larger shipments into commissioned consignments
- > Deliveries all over Greece within 24 hours (except islands)

Intermodal Transport

- > Transport between western Europe and Greece using pallet wide 45" ft. containers on rail and truck
- > Cheaper than road traffic, faster than the ship and friendly to the environment
